

**FOR IMMEDIATE RELEASE**

## **INTALOCK EXECUTES AGAINST GROWTH STRATEGY TARGETING EXPANSION WITH HIRE OF COO**

**BRISBANE, 15 May 2018** – Intalock is pleased to announce the key leadership appointment of Nicholas Adamo to Chief Operating Officer. This newly-created role is a pivotal part of Intalock’s growth strategy as the company expands its offering with advisory services and broadens its client base.

Nicholas Adamo brings extensive senior leadership experience to the newly-created COO role at Intalock, having most recently been CEO at Immersive Insights, a corporate advisory and technology services firm for startups and early stage ventures.

Prior to this, Nicholas spent five years at Ernst & Young, most recently as the Strategic Growth and Acquisitions Leader for the Advisory Group. Before EY, he was national lead partner for Deloitte Australia’s Forensic Technology Group, having been appointed to the role after his company, Forensic Data, merged with Deloitte in 2007. Nicholas holds various Advisory Board and mentoring positions supporting entrepreneurs, business owners and investors.

Discussions and planning to merge the Intalock and Immersive businesses, intellectual property and technical capabilities are well underway, enabling the merged entity to provide strategic advisory and 24x7 managed services across security, information, analytics and digital solutions.

Intalock will continue to partner with clients to deliver insights and transformational solutions by solving real business challenges. With a focus on data driven insights, it will build and deliver strategic platforms and managed services for clients, to better shape their future.

“We’re thrilled to bring Nicholas onboard as COO,” said Julian Haber, Intalock CEO. “Nicholas is a high-calibre industry veteran who brings significant experience and expertise to the role. We’re confident his appointment is a key driver in executing against Intalock’s growth strategy as we look to expand our offering and reach.”

Nicholas Adamo, Intalock COO, said: “I’m excited to be part of the Intalock group of companies during this period of significant growth and investment. The response from the market and most importantly our clients has been overwhelmingly positive. We look forward to providing strategic advisory services that enhance and complement our existing Intalock managed services.”
