FOR IMMEDIATE RELEASE

INTALOCK APPOINTS HEAD OF ADVISORY SERVICES AS COMPANY PREPARES TO EXPAND SERVICE PORTFOLIO

SYDNEY, 17 May 2018 – Intalock is pleased to announce the key leadership appointment of Broderick Smith to Head of Advisory Services.

This newly-created role is an important part of Intalock's growth strategy as the company expands its service portfolio offering with advisory services.

Broderick Smith joins Intalock with a wealth of valuable expertise in creating real value for clients through innovative services and products. He is the Founder of Onetick Technology, an online innovative online payment solution for the Insurance industry. The company was recognised at the 2018 FinTech Business Awards as a finalist in four categories and was the Insurance Innovator of the Year at the 2017 FinTech Business Awards.

Broderick was most recently Director and Principal at Bromily, a management consulting firm specialising in innovation, strategy and business transformation. Prior to this, he was co-owner and Client Relationship Executive of Commulynx, an award-winning IT security company.

"Broderick brings valuable experience and a sought-after skillset to Intalock," said Julian Haber, Intalock CEO. "As Intalock expands its service portfolio offering with advisory services, Broderick is leading the development and expansion of our advisory services. His demonstrable background in innovation and business transformation ensures that Intalock is poised to add real value to its customers."

"I'm excited to be joining Intalock as the company is investing in strategic growth," said Broderick Smith. "I'm looking forward to supporting our clients with strategic advisory services, whether it's enabling their digital transformation journey or supporting them to overcome IT and security challenges they may face."
